

In the Claims:

Please amend Claims 1-9 as indicated below. The status of the claims is as follows:

1. (Currently Amended) A ~~dressmaking~~clothesmaking kit shop in which ~~sewing can be experienced and which sells dressmaking clothesmaking kits and where the shop is configured and arranged to permit sewing to be experienced therein,~~ comprising:

a ~~dressmaking~~clothesmaking kit shelf storing the ~~dressmaking clothesmaking~~ kit;

a sewing machine mounted on a stand; and

a replay device replaying a sewing method, ~~which is recorded on a storage medium, which a customer watches to learn and experience sewing using the sewing machine and the clothesmaking kit.~~

2. (Currently Amended) The clothesmaking~~dressmaking~~ kit shop according to claim 1, further comprising:

a textile shelf storing textiles.

3. (Currently Amended) The clothesmaking~~dressmaking~~ kit shop according to claim 1, further comprising:

a shelf storing at least one of the sewing machine and storage medium.

4. (Currently Amended) The ~~clothesmaking~~ dressmaking kit shop according to claim 2, which sells textiles stored in the textile shelf.

5. (Currently Amended) The ~~clothesmaking~~ dressmaking kit shop according to claim 1, which sells the storage medium.

6. (Currently Amended) The dressmaking kit shop according to claim 1, which sells the sewing machine.

7. (Currently Amended) The ~~dressmaking~~ clothesmaking kit shop according to claim 1, wherein

said ~~dressmaking~~ clothesmaking kit includes at least one of textiles to be made into an item of clothing, marking drawings and manuals on a sewing procedure.

8. (Withdrawn-Currently Amended) A mail-order system for selling goods through a network organized by connecting terminal sets with each other through communication lines, wherein

goods to be sold include at least one of textiles to be made into an item of clothing, marking drawings, and manuals on a sewing procedure.

9. (Original) ~~Dressmaking~~ Clothesmaking kit selling facilities established to sell ~~dressmaking~~ clothesmaking kits, comprising:

replay means for replaying a storage medium, which ~~records~~ has recorded thereon a sewing method for teaching a customer to sew;

sewing means for sewing, which is installed in a place where pictures replayed by the replay means can be watched so that the customer can learn and experience sewing using said sewing means and the clothesmaking kits; and

storage means for storing ~~dressmaking~~ clothesmaking kits, including textiles to be made into an item of clothing, where said textiles are used by the sewing means when sewing.
